

CLEAN. CONSCIOUS. CLINICAL. BEAUTIFUL.

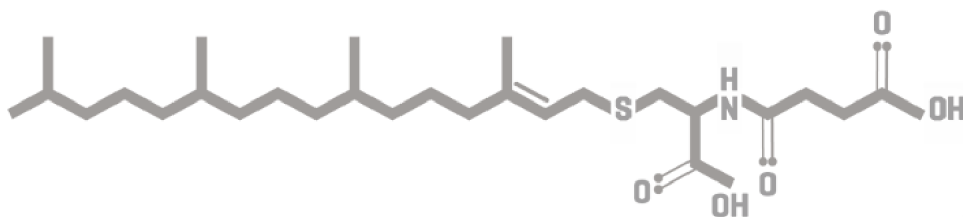

TSC Benefits:

- Dramatically improves skin's texture
- Protects against fine lines and wrinkles
- Prevents collagen breakdown at cellular level
- Reduces appearance of redness
- Soothes irritated skin
- Balances pore size
- Balances microbiome
- Promotes overall skin health

TSC stands for:

Tetramethylhexadecenyl Succinoyl Cysteine

TSC is a novel lipid-like molecule, effective in improving skin texture and tone while lowering inflammation. TSC's unique structure makes it extremely effective for treating skin.

CLEAN. CONSCIOUS. CLINICAL. BEAUTIFUL.

Hyvia Benefits:

- Boosts and locks in hydration
- Strengthens skin's natural barrier function
- Reduces appearance of fine lines
- Blocks blue light damage
- Reduces appearance of pore size
- Shields skin from environmental damage
- Helps skin retain key nutrients and antioxidants

What is Hyvia?

Hyvia is a novel Chia Seed Oil Extract that has been enriched for higher levels of active Omega 3 & 6.

Unlike most botanical extracts, we use a patented screening process to yield a more pure form of the extract. Hyvia's high levels of Omega 3 & 6 make it an exceptional moisturizer with a variety of different therapeutic benefits.
